

## BEYOND THE SKY

2

*Lyrics and Music © 2007 by Bill Roper*

I hear the music of a traveling song and I think that we should go,  
But I don't know.

I don't know.

We've been sitting in one place too long and I hear a clear black sky

Call us to fly,

Off to fly.

**Cmaj7 D Cmaj7 D**

To fly.

**Cmaj7 D Cmaj7**

To fly.

**D Em7**

Beyond the sky.

*I blew out my knee on a patch of ice and had to have two ligaments replaced.  
I wrote this song on Sweet Baby James not too long after I got home, because  
I really **wanted** to have a guitar in my hands again.*

*And I'd really love to take this trip.*
