

# QUESTIONS

Lyrics and Music © 2008 by Bill Roper

(Chorus)

**Cmaj7** **D**  
If you're walking round past midnight,  
**F** **Am7** **Bm**  
Take a look up at the starlight.  
**Cmaj7** **Em7**  
There's a new world waiting for us.  
**A**  
Let's go learn to fly  
**C** **D** **G** **F** **C** **D**  
And I'll meet you on the far side of the sky.

**Cmaj7** **Bm7**  
In all your past romances  
**Am7** **Bm7**  
Were you out there taking chances?  
**Am7** **Bm7**  
Would you lay it on the line if there's  
**Am7** **D**  
A risk that you might fall?  
**Cmaj7** **Bm7**  
Did you harbor the suspicion  
**Am7** **Bm7**  
That in Cupid's competition  
**Am7** **Bm7**  
That your own humiliation  
**Cmaj7** **D**  
Was the point behind it all?

If you had the chance to take it  
Would you fear that you might break it?  
Would you think it much too fragile,  
Much too dangerous to touch?  
Or would you wait a little longer  
For the feeling to grow stronger  
In the hope that your temptation  
Would not prove to be too much?

(Bridge)

**F** **Cmaj7**  
Did you ever stop to wonder  
**Dm7** **G** **Cmaj7**  
Why any road would lead you back to me?  
**Dm** **G** **Em7** **Am7**  
And I'm waiting for the sound of thunder  
**Dm7** **Em7**  
That's chasing after lightning  
**Fmaj7** **Em7**  
In a life that's much too frightening  
**A** **Cmaj7**  
To see,  
**D**  
To see.

If you'd like to come along now,  
If you'd sing another song now,

*Lyrics and Music © 2008 by Bill Roper*

If you'd travel on a journey  
Of a million miles or more,  
If you have no need to hide me  
I would have you here beside me  
And somewhere before we're done  
I think we'll finally learn to soar.

There's a new world waiting for us.  
Let's go learn to fly  
And I'll meet you on the far side of the sky.

*This appears to be another from the love song collection. Other than that, it may be one of those Rorschach blots that pops out every once in a while.*

*I don't interpret them. I just write them.*
