## Silver Inside

G D C
I hear your voice, but I know you're gone.
G D C
I see your face, but you're not there.
Am D
And it's so hard to carry on.
C D Em7
I miss the silver in your hair.
Am7/G D
I could swear it's almost real
Am7/G C/G D
And I don't know just how to feel.
Em7 Am7/G
Ever since the day you died,
C/G D Em7
I only see the silver inside.

I know you didn't choose to go.
I know I wished that you could stay.
I only wish that I could know
The part of you that's gone away.
And though you say that you're the same,
I cannot call you by her name.
Ever since the day you died,
I only see the silver inside.

## Asus2

And you look like her,

And you sound like her,

Dsus2 Em7

And you move the way she moved.

Asus2

You answer like her,

Touch me like her,

Dsus2 E

Say that you're improved.

Am7/G

And I want to think it's true,

D

But I know that it's not you.

I want to stay, but I have to go.
I cannot be here where you are.
I cannot live with what I know.
I cannot face the thing you are.
And though you swear your mind is whole,
I cannot see a human soul.
Ever since the day you died,
I only see the silver inside.

Em7 Am7/G
Ever since the day you died,
C/G D G
I only see the silver inside.
