## Voodoo Love

(Chorus) E7 Α D Voodoo love, yeah, I love it when I'm in it. Α E7 Voodoo love, 'cause I'm under your spell. Α E7 D Voodoo love, let's put a pin in it. E7 D Α Α If voodoo love is crazy, I don't want to be well. G D Α I took a sip of your magic potion G D Α And saw an angel sent from above. E7 And now the wheels are in motion, F I find that I've got the notion D E7 That I am lost in your voodoo love. You are the spark that's there to ignite me, Your incense burning down in the dark. You never fail to excite me And now I know that this might be The kind of love that's leaving a mark. (Bridge) E7 There's just no way I can stand it. F It's just the way that you planned it E7 And now I'm caught in your voodoo love. It's just a tale of a classical hoodoo Reaching out to give me a shove. I feel the touch of your voodoo, A magic mystery that you do That drives me wild with your voodoo love. (Chorus twice) Α E7 D Α If voodoo love is crazy, I don't want to be well.
