You Should Know

G **Am7/G** **G** **Am7/G**
It's a long time gone since the picture I see
C/G **D**
Though the colors aren't faded at all.
G **Am7/G** **G** **Am7/G**
The bride and the groom there look like you and me,
A **D**
But they're younger than I can recall.
C/G **G**
I'm missing you more than I know how to say.
Em7 **D**
You should know I still love you today.

(Chorus)

G **Am7/G** **Em7**
You should know I'll always love you.
C/G **G**
You should know I'll always care.
G **Am7/G** **Em7**
You should know I'm thinking of you
A **D**
Even when I can't be there.
C/G **G**
You should know from all these years
C/G **D**
That you're the only one for me.
C/G **Am7/G** **G**
Today, there may be tears,
A **D**
But tomorrow, you should know you will see

I'll love you tomorrow, I'll love you tonight,
No matter how far I may go.
There's love in the dark and there's love in the light
And I want to be sure that you know:
Whatever you hope and whatever you fear,
You should know that I'll always be here.

The clock ticks away all the time we're apart.
I wish I could see you right now.
I'm not all that good with affairs of the heart
And I'm not good at telling you how
I love you, I need you, I look for your light.
You should know that I love you tonight.

(Chorus twice to coda)

C/G

Tonight you should know

G

That I'm missing you so

A

Am7/G

G

And tomorrow I know where I'll be.
